The Sketch Club of Cincinnati has started a semi-monthly journal.

Joseph Robinson, of Cincinnati, committed suicide, on Sunday, by drinking two ounces of laudanum.

Gov. McKelvie, the Bardonia Gazette says, is rapidly progressing to complete recovery from the deplorable accident he met with.

Mrs. Runyan's college and three men, at Escalante Springs, Louisville, were killed on the night of the 28th ult. Loss \$1,000.

Robt. and J. Abbott have just been tried by the Nicholas Circuit Court, for the killing of John Delaney, at the Blue Lick Springs last summer, and acquitted. It will be recalled that the parties in this case got into a fight about politics during the election in August last.

Local news is one of the scariest things about town. Yesterday revealed nothing was printed, and last night the city was no good that not even a drum was heard.

Up to midnight. The mails offered little consolation to the news-gatherer. The land is in one of its periodic fits of stupidity. We are waiting for "something to turn up."

The news from Connecticut is no more than was anticipated. The Black Republicans have probably carried the State by a small majority. Next fall, with Douglas in the race, the Democrats will carry Connecticut by a large majority. The municipal elections in Michigan are also rather favorable to the Black Republicans.

Mr. Hatch, of Buffalo, who was appointed to examine into the operation of the Revenue Laws and Reciprocity Treaty with the Canadian, has arrived in Washington, and will present his report to the Government in a few days. It will, undoubtedly, be adverse to this treaty, and a full exposure of the wrong which Canada has inflicted upon us in our international intercourse.

The North Kentucky Agricultural and Mechanical Association, concluded a contract on Wednesday, with Messrs. Kelly & Britt, of Cincinnati, for the erection of a farm hall on the grounds of the Association, near Mayville. It is to be eighty feet in diameter, of octagonal shape, with a gallery around the interior, twenty feet in width. The entire cost of the hall will, we understand, be \$3,400, and it is to be completed in time for the next fair.

George Cushman, alias Jim Pendergrass, and Miller, alias Wilson, well known throughout the Southern and Western cities as thieves and pickpockets, has been doing around town for several days. That ever-vigilant and efficient police officer, Bligh, had his eye on them, and yesterday morning, he kept them from getting into trouble, arrested and lodged them in jail. They had a woman with them. She was left on her way rejoicing.

The President of the water works company publishes the tariff of rates for the use of the water works, and no one completed that the company are now prepared to receive applications and grant permits for the introduction of service pipes into the houses of those wishing to use the water. The water works enterprise has been prosecuted with marvelous energy, and the company expect to be able to turn on water and be in full operation by July 1.

MAN LOST.—Mr. A. G. Walters, of Louisville, Kentucky, was in Louisville on the 14th ult., and drew \$400 for tobacco which he sold. He was afterward seen going up Market Street intoxicated, and with a strange air, and nothing has been heard from him since. He was about five feet eight or nine inches high, had black hair, and upper front teeth missing. Fears are entertained that he has met with foul play. Any information of him will be thankfully received. He has a family residing in Louisville.

Yesterday, officers Bligh and Gallagher arrested and lodged in jail a white man and a negro, who say they hail from Pennsylvania. The negro says the man hired him, probably in Philadelphia, to work on a farm near Pittsburg, but was not to go out of the State of Pennsylvania. When they arrived at Pittsburg, the man told him they must go to Evansville, as there were persons there he was bound to see. They arrived here yesterday, and put up at the Louisville Hotel, and registered their names for Henderson, Kentucky. The man says he is a school teacher, and has taught in Kentucky. The officers have telegraphed East to learn something about him.

THEATRE.—Hamel was performed last evening with distinguished effect. Mr. Waller as the melancholy Prince, and Mrs. Waller as Ophelia, in which she exhibited those varied powers and exquisite taste for which she is famed. Mr. Waller's Hamlet was an effort worthy of him, yet we have seen him do it better. To-night Macbeth is the attraction. Not to see Mr. Waller's Lady Macbeth will be the regret of all who are fond of the theatre. She plays the part as no other can play it, while Mr. Waller's Macbeth is a study. The few nights these capital actors remain should witness crowded houses, and no wonder that the first night of the dramatic troupe here has enjoyed for years the patronage of Louisville and Mr. Waller.

THE WOMAN'S FRIEND.—A friend who is thoroughly familiar with all the different varieties of Sewing Machine, assures us that Clark's "Revolving Loper" is really the most perfect and substantial, as it is one of the most simple and reliable instruments yet introduced. It is sold at the low price of \$25 to \$35, and there is a guarantee and reliability in its excellent construction. It accomplishes the best description of family work, and all varieties, too, in a manner not surpassed by any other machine. We are satisfied that this machine is the most important improvement that has been brought out in connection with this enterprise, combining all the requisites of a first class Sewing Machine, at a price within the reach of nearly all. Those interested are invited to examine this machine and its working at rooms 85 Fourth street, between Main and Market streets.

In Humboldt's confidential letters to Von Esso, recently published, the public are treated to a series of piquant disclosures which will spread the utmost consternation among the Courts of Europe. Hardly a single crowned head is spared, beginning with Frederick William IV., and ending with the Emperor of the French, of whose humiliations Humboldt affirms positively that he is the offspring of an illicit connection between Queen Hortense and the Dutch Admiral Count Verhuul, of the King of Prussia a number of amusing anecdotes are related. It seems that he was firmly convinced that Henry V. would soon be restored to the throne of France, and was in constant expectation of being invited to pay him a visit at Versailles. His last ministry are characterized as a strange jumble of lawyers and incompetents. M. de Revers, the Minister of Public Instruction, was, says Humboldt, the greatest fool of them all. He had a predilection for the Poles, but the Poles are as unworthy of your regard as the Irish." Altogether, it appears from this correspondence that the author of "Cosmos" has much more imbued with democratic ideas than is generally supposed, and that he felt a sovereign contempt for the courtly etiquette in which he passed the greater portion of his life.

Mr. J. H. Hart, recently of our office, has made his debut as "local" of the Gallatin (Tenn.) Courier and Enquirer. Mr. Hart has our best wishes for his success as one of the press-gang.
